President's Welcome Message

Hi!

I would like to thank Dr. Steve Feldman for his tireless leadership this past year. We are proud of the progress that we have made and are aware that there is still work to be done. I want to take a moment to express my gratitude to serve as President of the Southern Maryland Dental Society. I joined SMDS after graduation from the University of Maryland School of Dentistry. As a new dentist, I soon learned the value and strength in being involved with organized dentistry. I found joy in teaching and mentoring dental assistants as an instructor of both Radiology for Dental Professionals and Expanded Functions. After a decade on the Executive Board, I demonstrate my commitment to serve you and recognize that the needs and demographics of our members are evolving. I am invested in partnering with you so that we can continue to advocate for what matters the most and move the needle forward together.

Currently, I am in the inaugural class of the Maryland State Dental Association Leadership Academy. The Leadership Academy is a 10-month long interactive professional development program for those who are looking to enhance their dental leadership skills and be involved with organized dentistry. I am enjoying the opportunity to meet like-minded leaders across the state of Maryland and who have challenged me to step out of my comfort zone. The application for the 2024 cohort opens in July 2023. If you are interested in learning more about this opportunity or positions on the SMDS Executive Board, I encourage you to reach out to me.

The SMDS held a six-hour mandatory MAT DEA Course on June 23rd at the DoubleTree by Hilton Hotel in Laurel. Dr. Marvin Leventer gave an informative and humorous presentation that received many compliments. With over 100 members in attendance, I had a blast reconnecting with family, seeing old friends and meeting new ones. This in-person event reminded me of the role our society plays in providing valuable continuing education but more importantly, in networking, building community and fostering long-term partnerships. Just in case you missed this course, not to worry, we plan to repeat it later in the year.

MSDA Leadership Academy Inaugural Class of 2023
SMDS Members Pictured (left to right) Drs. Kristen Millender, Bob Wilson, Dawn Clarke, and Halima Karim)

Please join me in thanking those who have stepped up to serve on the 2023-2024 SMDS Executive Committee including our newest board members Dr. Francis Morgan and Dr. Kristen Millender. A special shout out to our new Editor, Dr. Dawn Clarke for her enthusiasm for the new role and learning it so quickly!

In closing, a warm welcome to our newest SMDS Members, Drs. Garland Davis, Elizabeth Haynes, TriLe, Esther Ngo Bikoi, and Morgan Sarmadi. I look forward to meeting and seeing you at future events.

I hope you and your family have a fun and safe summer.

With gratitude,

Halima Karim, DDS, FAGD
SMDS President

The ORACLE

Published by the Southern Maryland Dental Society

July 2023

Immediate Past President's Farewell

Greetings colleagues.

It has been both a pleasure and an honor to serve as President of Southern Maryland Dental Society for the 2022-2023 Program Year. As my term comes to a close, I would like to thank each and every one of you for taking the time out of your busy schedules to participate in organized dentistry and help make the Southern Maryland Dental Society the success it is today.

Over the past year, we have been working diligently to resume normal operations, as we transition out of the era of COVID. In April, with your support, we successfully held our first post-pandemic, in-person, General Membership Meeting. The meeting was a success with over 100 attendees at our new venue, something that would not have been possible without the strong support of our members.

I want to share a special thanks to Val Fridley and Janice Farber, and our Trustee Dr. Charles Doring. Not only were they instrumental in much of the support work related to the in-person meetings and courses that SMDS holds, but they were also instrumental in identifying and contracting with our new venue for in-person General Membership Meetings. And finally, I would like to thank all of the members of the SMDS Executive Board. Every member of this team sacrificed countless evenings, volunteering their time to ensure our Dental Society could run smoothly and effectively.

I am confident that we will continue our trajectory of success over the coming year as the Presidency transfers into the highly capable hands of Dr. Halima Karim. I would encourage anyone who is interested in getting involved with organized dentistry in a leadership capacity to please reach out. We are always looking for members who would like to join the Executive Board and are interested in providing their unique perspectives.

Thank you again for allowing me the opportunity to serve as President of Southern Maryland Dental Society, and I look forward to what this next year will bring!

Respectfully,
Steven G. Feldman, DDS

Editor's Letter

Greetings Colleagues,

As your new editor, I am honored to introduce myself and share my goals for our dental society. I commend Dr. Halima Karim our previous editor and current President, for her excellent newsletters and dedication.

My vision for the future of The Oracle focuses on

- Keeping you informed and connected by sharing upcoming events and CE opportunities
- Highlighting our events with lots of photos and smiles of our members and sponsors that bring us together, and
- Showcasing the diversity within our membership through member spotlights

I am currently practicing dentistry in Silver Spring and Columbia, Maryland, and working to incorporate more holistic and natural approaches to my patient care.

On a personal note, I am a proud owner of 7 feathered friends (birds), along with a lovable puppy and a supportive husband.

Let's elevate our professional lives, establish connections, and make this remaining year count!

Warm regards,

Dawn Clarke, D.D.S smds.newsletter@gmail.com

MSDA's Leadership Academy

Applications for nominations will open in July for the 2024 MSDA Leadership Academy Cohort! The current pilot cohort of 2023 is undergoing an immersive professional development training program designed to enhance leadership skills through workshops and interactive programs.

Over the course of the program, future participants will engage in a curriculum intended to address the key components of leadership in the dental community. At the conclusion of the program, participants will receive a certificate indicating successful completion of the program. Check out some highlights from the Mentorship Panel below.

Event Highlights

SMDS held a six-hour mandatory MAT DEA Course on June 23rd at the Doubletree by Hilton Hotel in Laurel. The presenter was Dr. Marvin Leventer and we had a wonderful turnout. We had a blast reconnecting with friends and meeting new ones. Just in case you missed this course, we hope to repeat it in the Spring 2024.

See below for some exciting photos of our members, speakers and sponsors!

The Southern Maryland Dental Society Presents

Pediatric Tongue- and Lip-Ties and Laser Frenectomies

2-Day Hands-On Course - 15 CEUs

WHERE: 4920 Niagara Rd, Suite 306, College Park, MD 20740

WHEN: November 4-5, 2023 (Sat. & Sun.) • 8:00 am - 4:30 pm

Introduction

This course aims to enhance your understanding of pediatric laser dentistry, specifically focusing on tongue-ties and lip-ties. Tongue-ties can significantly impact breastfeeding and can often be misdiagnosed, leading to challenges for both babies and parents.

In this course, you will learn about the practical aspects of soft tissue laser surgery, including the laser-tissue interaction and surgical margins. Through hands-on participation labs and clinical curriculum, attendees will gain the skills and knowledge necessary to diagnose and treat pediatric tongue- and lip-ties effectively. The laser curriculum, developed by the American Laser Study Club (ALSC), will provide comprehensive instruction on soft tissue ablation, coagulation physics, and laser safety. Join us to expand your expertise in this important area of pediatric dentistry.

Clinical Curriculum

- Background and significance of TOTS;
- Diagnosis of pediatric tongue- and lip-ties;
- Multi-disciplinary approach to treating pediatric tongue- and lip-ties;
- Lactation support for the tongue-tied breastfeeding dyad;
- Bodywork and alternative therapy for the tongue-tied baby;
- Setting expectations with families and patients;
- Current clinical assessment methods, diagnosis, and treatment of pediatric lingual and labial ties.

Attendees will be able to:

Describe infant sucking physiology and how tongue-ties impair infant suck;

Appropriately use reliable diagnostic criteria to screen babies and children for this condition;

Clearly express orthodontic-myofunctional connection;

Discuss how the soft tissues of the orofacial complex may lead to malocclusion, TMD, headaches, problems; and

List and define all consequences and benefits of using lasers to remove oral restrictions.

Laser Curriculum

The Laser Surgery and Safety Basic Knowledge Certification Curriculum for this Course has been developed by the American Laser Study Club (ALSC). The ALSC's curriculum overcomes the known limitations of many laser dentistry courses. It includes detailed soft tissue ablation and coagulation physics with laser and hot tip (non-laser) devices. Laser hands-on wet lab on tissue samples will consist of laser safety instructions, frenectomy simulations, and other surgical laser procedure demonstrations. Laser instructions will be assisted by the guest speaker Peter Vitruk, PhD, MInstP, CPhy, a laser physicist who founded the American Laser Study Club and LightScalpel Inc.

Hands-On Participation Session

2 HOURS

- Laser Safety
- Laser Surgical Technique Simulations
- Superficial Ablation
- Superficial Coagulation
- Shallow Incisions
- Deep Incisions
- Practicing Surgical Techniques on a Pig Jaw

Course Certificates

Course participants, who successfully complete the examination, will be awarded a **LASER SAFETY basic knowledge CERTIFICATE** from the Board of Laser Safety of the Laser Institute of America (DISCOUNTED cost for the ALSC members), as well as a Laser Dentistry and Laser Surgery Basic Knowledge and Hands-On participation Wetlab **CERTIFICATE** from the American Laser Study Club (**FREE** for the course participants).

About the American Laser Study Club (ALSC)

The ALSC was founded to promote science-based laser dentistry, surgery, and safety education. The ALSC is proud of its curriculum and its distinguished membership, including our honorary members **Gordon J. Christensen, DDS, MSD, PhD** and **Rella P. Christensen, RDH, PhD**, world-renowned leaders in dental product research and education, who welcomed the ALSC's mission: "Peter, we congratulate you on starting a laser study club. It is greatly needed, and you are the man to do it."

Meet the Faculty

Brynn Leroux, DDS

Dr. Leroux is a graduate of Louisiana State University School of Dentistry and was ranked 2nd in her graduating class. She completed a residency in Pediatric Dentistry at the Medical University of South Carolina, acting as Chief Resident. Dr. Leroux graduated as Valedictorian from Catholic High School of Pointe Coupee and continued on to study Biological Sciences at LSU in Baton Rouge. Dr. Leroux is a partner in Associates in Pediatric Dentistry, a group practice with 4 locations serving the Greater Baton Rouge area. She is a Board Certified Pediatric Dentist of the American Board of Pediatric Dentistry. She is an active member of numerous dental organizations and societies, including the Greater Baton Rouge Dental Association, Louisiana Dental Association, American Dental Association, Southwestern Society of Pediatric Dentistry, American Academy of Pediatric Dentistry, OKU National Dental Society, C.E. Kells Honorary Society, and Pierre Fauchard Honor Society.

Andrew Horng, DDS

Dr. Horng is a Diplomate of the American Board of Pediatric Dentistry and a Fellow of the American Academy of Pediatric Dentistry. He has been a clinical instructor at the University of Maryland School of Dentistry, Division of Pediatric Dentistry since 2005. Dr. Horng maintains a private practice in Rockville, MD. He is an active member of the American Dental Association and is a past-president of the Southern Maryland Dental Society. Currently Dr. Horng serves as the continuing education director of the SMDS.

Catherine Watson Genna, BS, IBCLC

Catherine Watson Genna has been an IBCLC in private practice in NYC since 1992. She has a special interest in the anatomical, genetic and neurological influences on infant sucking skills, and writes and speaks internationally on these topics. Her research investigates the biomechanics of the lactating nipple; analyzing infant sucking via ultrasound and studying suck/swallow rhythms using cervical auscultation. She is the author of *Supporting Sucking Skills in Breastfeeding Infants* (Jones and Bartlett Learning, 2008, 2013, 2017) and *Selecting and Using Breastfeeding Tools* (Hale Publishing, 2009; Praeclarus Press, 2016) and served as the founding Associate Editor of the USLCA Journal of Clinical Lactation.
